WORK EXPERIENCE

Junior Software Developer
Prepel Media & Marketing LLP, Bangalore
Job • Dec 2022 - Sep 2023 (9 months)
Created their website.
Helped in landing a high value deal with one of their clients.

POSITIONS OF RESPONSIBILITY

Co-headed the coding/debugging event and volunteered for other events for an inter-collegiate festival organised by the Computer Science department of St. Joseph's University.

PROJECTS

Retired community moderator of after-market Android OS development for Realme 8 5G / Narzo 30 5G
Dec 2021 - Aug 2023
https://t.me/Realme85G_Narzo305G_Official

Created and established a 600+ strong community moderator by me and officially maintained the TeamWin recovery project to the devices mentioned.
Technical support was also provided to these members, which are from various countries across the world.

Co-authored a Research paper published at IEEE

Aug 2019 - Nov 2019

https://ieeexplore.ieee.org/document/9105738

Titled: "Towards proxy attendance detection and elimination via a digital solution using Machine Learning", this DBT-STAR scheme grant backed research was conducted for 3 months with my significant efforts of bringing the concept into a reality.

Developer and maintainer of Deccan Biotech's landing page

Feb 2023 - Present

https://deccanbiotech.com

Created and hosted their landing page published to their custom domain.
